

STUDENTS QUALITY CLUB

YOUR DREAMS OUR COMMITMENT

DATE:16.12.2013

ABOUT US

The Students Quality Club was born out of the need felt by the students, faculty members and industrial personnel to impart knowledge on quality management. The club functions like a service organization promoting personal and professional growth of the students, to make them productive and socially conscious members of the society.

The club was formed in August 1998. Since then, the club has been at the forefront of college professional activities with innovative programmes aimed at adding value to each of its members. The Club has been well received by the students and faculty members of Anna University and is growing by leaps and bounds every day. The club functions under the guidance of AU-TVS Centre for Quality Management, Anna University and it also receives active support from the industries, especially 'The House of TVS'.

Our mission is to empower students to significantly improve their personal and professional capabilities through principles of Quality Management, in order to lead a purposeful and principle-centered life.
